Ron Berthelette

J.M.J.

I read a story about a teacher that told her students to write down the Seven Natural wonders of the World. All but one student wrote down the Grand Canyon, Niagara Falls, Glacier Bay and others. This one student wrote the following: The Seven Natural Wonders of the World are to see, to hear, to touch, to love, to feel, to laugh, and the greatest of all God's amazing love for mankind in sending His only Son, Jesus, to set us free and give us everlasting life.

At Easter when we celebrate the Mass of the Resurrection and receive Body and Blood of Our Lord Jesus, think about the love of an awesome God.

A blessed Easter to all.

A Warm Welcome to TV New Residents

Summer is around the corner!!! Maintenance is working extremely hard to get the swimming pool ready for May. A longer handle bar was installed in the pool to accommodate more residents. We appreciate Tom and his crew for the hard work.
